The infrastructure of IRIM build up decades ago, is becoming gradually more and more inadequate specially in outdoor to meet up the present demand for integrated drugless pro-nature therapy, based on primarily Acupuncture, Yoga-Meditation, Naturopathy and Organic Diet in different departments.

Moreover, the present space becomes occasionally uncomfortable for both the patients and therapists. It is time consuming also.

How to Solve

So, we have decided to develop a newly spacious integrated wing for more scientific, comfortable and less time consuming service by the earliest 2015, for the sake of better treatment to the sufferers and also maintain to healthy habits for general people.

But, we alone can not afford the huge cost of this development work. As we have already stored primary expansion of IRIM Bhawan since February 2014, we desire to finish this work by early 2015.

Without your support our charitable mission can not be fulfilled

The Budget

Estimated approximate cost of this humanitarian project is Rs. 45 Lakhs. We have so far collected Rs. 20 Lakhs. This still leaves a very big gap of Rs. 25 lakhs which must be raised in the early of 2015 from friends and well wishers like you.
